

Workshop: Parental Engagement Framework

30th January 2024 1.30-4.00pm

Victoria Offices & Conference Centre (Lowen Suite)

Overview

“Parental engagement in children’s learning makes a difference – it is the most powerful school improvement lever we have” (Harris and Goodall 2007).

Effective parental engagement is a crucial ingredient in both academic and social success, especially for our most vulnerable pupils, as highlighted in the Government’s recent education White Paper, ‘Opportunity for All’. Cornwall Council’s Together for Families Directorate, supported by Parent Carer Cornwall, have developed a framework and toolkit to promote the partnership between pupils, parents and school to help create a culture of mutual collaboration in order to support all learners to succeed.

The workshop will provide: -

- An overview of the importance of parental engagement in education.
- Identify the key principles that underpin a planned approach to effective parental engagement.
- An insight into the framework and toolkit which will include sharing some examples of the evidence of impact through case studies.
