

Free access to Atom Learning for Pupil Premium students

Dear Colleagues,

I am writing to offer you an exciting opportunity that will directly support pupils in receipt of free school meals in your school. In partnership with [Atom Learning](#), OneCornwall are pleased to offer **free** access to Atom Home for Pupil Premium pupils in all Cornwall primary Schools. [Click here](#) to find out more.

What is Atom Home?

Atom Home is an adaptive learning platform designed to support Key Stage 2 pupils in English, Maths, and Science. With over video and text learning resources and a bank of more than 90,000 questions written by experienced teachers, Atom provides targeted support to help all learners thrive and prepare for KS3. It identifies areas where each pupil needs the most improvement and adjusts the difficulty of tasks accordingly, offering a personalized learning experience.

Why are we running this initiative?

Children from under-resourced backgrounds in the South West are amongst the least likely in England to access higher education. By providing access to Atom Home, we aim to help primary schools support pupils from under-resourced backgrounds to attain highly at Key Stage 2, develop engagement with their learning and feel prepared for Key Stage 3.

Atom's vast range of resources and tailored support will enable pupils to build their confidence, strengthen their skills, and prepare for the transition to secondary education with the best possible foundation.

How Atom Home can benefit your pupils

- Tailored Learning: Atom Home adapts to each child's learning level, ensuring they receive the right support for their individual needs.
- Key Stage 2 Focus: The platform covers all essential content in English, Maths, and Science, supporting your efforts to raise attainment.
- Comprehensive Resources: Pupils will have access to an extensive library of questions and learning materials to enhance their classroom learning.

We understand the challenges that schools face in ensuring that all children, especially those experiencing disadvantage, have access to the best possible educational resources. This initiative is designed to provide that much-needed support, at no cost to your school.

How can your school get involved?

If you are interested in accessing Atom Home for your Pupil Premium pupils, please get in touch via our website: <https://atomlearning.com/onecornwall-partnership>

We look forward to working with you to ensure that all pupils have the resources they need to succeed.
